N 52° 14' 37.40 W 002° 52' 43.36

At a Glance....

Type: Agusta 109E Power

Year of Manufacture: 1997

Weight: 2037kg

Total Airframe Hrs: 1100

Total Engine Hrs #1: 900

#2: 1100

Interior: Blue Leather Seats /Cream Linings

Exterior: Metallic White /Blue Power Stripe

Price: \$3,800,000.00

About the Aircraft....

The Agusta A109 series of helicopters were introduced in 1975, since which time they have retained worldwide acclaim as the fastest executive twin engine helicopter in its class. Over the years the A109 has been extensively updated and improved, but the introduction of the A109E POWER achieves new heights of comfort, speed and payload. The A109E Power is single pilot IFR certified at maximum take-off weight. Category "A" takeoff from elevated helipads is made possible without any payload reduction whilst the aircraft fully satisfies European regulations relating to CLASS 1 performance of helicopters.

Equipment

- ♦ Dual Controls
- ♦ Rotor Brake
- ♦ ECS
 - Aux Fuel Tank
- ♦ FMS UNS 1K
- ♦ Skyforce Topo 111c
- ♦ Copilot Flight Instruments
- ♦ Cabin Fire Extinguisher
- ♦ Baggage Extender
- ♦ Hobbs Hour Meter
- ♦ Pitot Covers
- ♦ Blade Tiedowns
- ♦ Tow Bar
- ♦ Engine Blanks

Internally...

The A109 Power features luxurious cabins able to accommodate, in addition to the pilot, up to 7 passengers and their baggage. The elegant interior has been exclusively designed to meet the highest standards of comfort with internal noise further reduced, courtesy of new soundproofing. Seats are in blue leather with cream linings.
